Current position

ERA postdoctoral fellow in the Vegetation Science Group at Masaryk University (Department of Botany and Zoology). With my EU-funded project VegTrends - Assessing long-term trends in the vegetation of European habitats and evaluating the effectiveness of protected areas” (<https://cordis.europa.eu/project/id/101090344>), I aim at producing a comprehensive and representative report of multi-faceted temporal trends in the vegetation of European open habitats.

Keywords

Temporal dynamics, Ecosystem stability, Protected areas effectiveness, Vegetation Ecology, Biodiversity, Coastal dunes, Dry grasslands.

Career highlights

- 26 published papers since 2017 in international, peer-reviewed, ISI-indexed journals, including 11 without the PhD supervisor. Impact factors of the journals ranging from 1.20 to 8.55. Citations in Scopus: #1098 (#1056 excluding self-citations); H-index in Scopus: 13 (#11 excluding self-citations).

- First, second or last author in 61% of my published manuscripts. Most first-author works published in high-quality journals (e.g. *Journal of Ecology*, *Biological Conservation*, *Ecological Indicators*, *Science of the Total Environment*).
- Active role in the scientific community. Member of the International Association for Vegetation Science (IAVS) and of the Italian Society for Vegetation Science (SISV). Past member of the Steering Committee of the IAVS working group “Young Scientists” (term 2019-2021). Current chair of the IAVS “Ecoinformatics” working group (term 2022-2026). Member of the IAVS Council for 2023-2027. Participation in the organization of a conference (25th Meeting of European Vegetation Survey), a field workshop (10th European Dry Grasslands Group Field Workshop) and two online workshops (“Challenges to Vegetation Science in the Face of Global change – Perspectives from IAVS Young Scientists” organized by the IAVS Young Scientists working group; “From phytosociology to habitat monitoring” organized by the SISV)
- 14 conferences attended since 2016 (10 international + 4 national), for a total of 8 oral and 6 poster contributions.
- Reviewer for the following journals: *Ecological Monographs*, *Diversity and Distributions*, *Journal of Vegetation Science*, *Applied Vegetation Science*, *Biodiversity & Conservation*, *Science of the Total Environment*, *Journal of Environmental Management*, *Journal of Environmental Planning and Management*, *Mediterranean Botany*, *Plant Sociology*, *Journal of Forestry Research*.
- Co-supervisor of 2 M.Sc theses, defended at Roma Tre University. Currently co-supervising 2 PhD theses (Roma Tre University and Masaryk University).

Education

11/2016 - 10/2019: PhD in *Molecular, Cellular and Environmental Biology - curriculum Environmental Biology* (Università degli studi Roma Tre, Rome, Italy). Thesis: “Investigating patterns and drivers of temporal changes in taxonomic and functional diversity of coastal habitats”.

09/2013 - 09/2015: M.Sc in *Conservation and restoration of forest environments and soil defense* (Università degli studi della Tuscia, Viterbo, Italy). Thesis: “Investigations on the ecology, distribution and phytosociology of Lobel’s Maple”. Mark obtained: 110/100 *cum laude*.

09/2012 - 05/2013: Integrationskurs - Intensive German course (Volkshochschule Berlin - Neukölln, Berlin, Germany).

04/2011 - 11/2011: Post-graduate Diploma in *Energy and Environment Management* (Il Sole24ORE Business School, Rome, Italy).

09/2005 - 07/2010: Bachelor’s Degree in *Landscape and Environmental Planning and Management* (Università degli Studi di Roma “Sapienza”). Thesis: “Eco-industrial districts as a challenging tool to combine economic growth and environmental sustainability: the case of the Sacco River Valley”. Mark obtained: 110/110.

09/2000 - 07/2005: High school Diploma with an emphasis on Humanities (Liceo Classico E. Montale, Rome, Italy). Mark obtained: 98/100.

Work Experience

10/2022 - present: ERA-funded Postdoctoral Fellow in the Department of Botany and Zoology, Masaryk University. Brno, Czech Republic. Main tasks: Assessing temporal trends in the vegetation of open (i.e. non-forested) European habitats and evaluating the effectiveness of protected areas.

09/2020 - 09/2022: Postdoctoral Researcher at the Desertification Research Centre (CSIC-UV-GV). Moncada (Valencia), Spain. Main tasks: Investigate the drivers of temporal stability in plant and arthropod communities using data from the **Biodiversity Exploratories**. Managing and performing analyses on the **LOTVS collection** of vegetation time-series. Sampling a large biodiversity experiment to study the temporal stability of vegetation communities.

10/2020 - 02/2023: Contract Professor. Università degli studi Roma Tre, Rome, Italy. Main tasks: Preparing material, giving seminars and participating to teaching activities for the 2020/2021, 2021/2022, and 2022/2023 course in “Ecology” (B.Sc. in “Biological Sciences”).

12/2019 - 03/2020: Contract Researcher. Università degli studi Roma Tre, Rome, Italy. Main tasks: Analysing temporal patterns of invasion by non-native species in coastal dune ecosystems. Funded by the project: “Developing state-of-the-art remote sensing tools for monitoring the impact of invasive plant species in coastal ecosystems in Israel and Italy” (“DERESEMI”).

11/2017 - 03/2018: Environmental educator. Environmental association **Marevivo**, Rome, Italy.

09/2016 - 09/2016 and 07/2016 - 07/2016: Collect Earth expert. Food and Agriculture Organization of the United Nations- **FAO**, Rome, Italy. Main tasks: Collecting, analysing and evaluating forest data for the “Global LULUCF assessment”, an international project aimed at identifying and quantifying land use/land cover trends through visual interpretation of high resolution images.

05/2016 - 06/2016: Environmental consultant. **HydranGea s.r.l.**, Rome, Italy. Main tasks: Floristic and vegetation sampling, creation of vegetation maps and participation in the development of Environmental Monitoring Plans for three dismissed nuclear sites in Italy (Casaccia - RM, Trino, VC - Caorso, PC).

Memberships

- Member of the International Association for Vegetation Science (IAVS).
- Member of the Italian Society of Vegetation Science (SISV).
- Member of the Italia Chapter of the Society for Conservation Biology (SCB Italy).

Academic services

- Current Member of the IAVS Council (2023-2027)
- Current Chair of the Steering Committee of the IAVS working group “Ecoinformatics” (2022-2026)
- Member of the Steering Committee of the IAVS working group “Young Scientists” (2019-2021)

Editorial services

Since December 2022: Editorial Review Board member for the Journal of Vegetation Science

Reviewer for the following journals: *Ecological Monographs, Diversity and Distributions*, *Journal of Vegetation Science, Applied Vegetation Science, Biodiversity & Conservation, Science of the Total Environment, Journal of Environmental Management, Journal of Environmental Planning and Management, Mediterranean Botany, Plant Sociology, Journal of Forestry Research*. (more info on **my WoS profile**).

External reviewer of research proposals for the National Research, Development and Innovation Office of Hungary (NKFIH).

Mentoring

- Klinkovská K. (Masaryk University, PhD thesis, ongoing). “Changes in the non-forest vegetation of Czech Republic”.
- Sarmati S. (Roma Tre University, PhD thesis, ongoing). “Resurveying most threatened Italian habitats”.
- Cascone S., 2020. “Analisi dei cambiamenti temporali della macchia mediterranea lungo le coste del Lazio” (Roma Tre University, Master’s thesis).
- Gatti F., 2018. “La vegetazione costiera psammofila dell’Italia centrale: un’analisi multitemporale” (Roma Tre University, Master’s thesis).

Organization of conferences, symposia, workshops

- Online workshop “Emerging challenges in Vegetation Science” (October 13th-14th 2020). Organized with the IAVS Young Scientists Steering Committee.
- Online workshop “Dalla Fitosociologia al monitoraggio degli habitat: specie caratteristiche, specie diagnostiche, specie tipiche” (October 9th 2020). Organized with a team of the Italian Society of Vegetation Science.
- Support in the organization of the 10th European Dry Grasslands Group (EDGG) Field Workshop (3- 11 June 2017, Central Apennines)
- Support in the organization of the 25th Workshop of European Vegetation Survey (6-9 April 2016, Rome)

Workshops attended

- 04-05/06/2022. Online workshop “Trait and phylogenetic analyses of community data”, organised by the Biodiversity Exploratories.
- 13-14/06/2019. Workshop “Sampling and analyzing data in vegetation ecology”, organized by the Ecological section of the Italian Botanical Society in Siena (Italy).
- 3-7/06/2019. Working group meeting on Biological invasions organized by the Groupement de Recherche CNRS 3647 Invasions Biologiques in St. Malo (France).
- 23-26/06/2018. Field Workshop “Biodiversity patterns in karst grasslands: structural aspects and functional responses at small spatial scales”, organized by the Ecological section of the Italian Botanical Society in Pescasseroli (Italy).

Other activities

- Invited talk at the Institut für Biologie, Bereich Pflanzenwissenschaften, Universität Graz, Austria. 19/03/2019. Multi-temporal analysis of coastal dune ecosystems in Central Italy: experiences from a resurveying study.
